Possesses robust technical acumen, adept problem-solving skills, and effective teamwork capabilities, poised to drive web development excellence.

PROJECTS

Be Charity [Live Demo Link](#) [Github Repo Link](#)

Features:

- Developed a web application using React.js, Chakra UI, Node.js, and MongoDB to raise funds for disadvantaged children in Africa
- Implemented features such as login & signup, password reset, donation, volunteer wall, payment, and profile editing
- Collaborated with a team of developers to complete the project within a five-day timeframe
- Utilized MongoDB to create efficient database models and queries
- Ensured the application was fully responsive and optimized for different devices

Tech Stack:

React.js Chakra UI Node.js MongoDB

Wood Heart [Live Demo Link](#) [Github Repo Link](#)

Features:

- Developed a comprehensive furniture retail website using React.js, TypeScript, and Redux.js
- Implemented user registration and login functionalities, allowing users to browse and add products to their shopping carts
- Facilitated secure transactions and order placement, ensuring a seamless user experience
- Created an admin page for managing users and products, including the ability to add, edit, and delete items
- Ensured the website was fully responsive and optimized for different devices

Tech Stack:

React.js TypeScript Redux.js
